24 Letter No L 9216/M1 14-40-6 dated 30th June 1941 from the Secretary to Government, Law Department stating that the Government consider there is no reason to introduce any change in the constitution of the Board of Trustees for the improvement of the City of Mysore

Recorded with the observation that this may be resubmitted to Government for reconsideration in the light of the following points

(see next page)

- 1 That in view of the growing association of work between the two bodies?
- 2 That in view of the improvement scheme work being done by the officers and staff belonging to the Municipality
- 3 That in view of the City Municipality ultimately has to shoulder all costs of establishment and recurring expenditure of improvement work, that are transferred to the Municipality for their maintenance
- 4 That in view of the Municipal Council is bearing part of establishment charges of the Trust Board
- 5 That in view of the City Improvement Committee is carrying out ~~that~~ several improvements throughout the city, and any further improvement would tell upon the finance of the City Municipality
- 6 That in view of the Municipal Council being a popular body and the elected Municipal Councillors being in a sense, greater trustees of the people they should have the predominating voice in the administration of the City Improvement Board, and therefore it is but right and proper that the Municipal Council should have a decisive voice in any improvement scheme that the Board hence forward undertakes
